PROFILE

AI-first Frontend Developer with 3 years of experience — including 1 year of professional experience — building scalable, responsive web apps and full-stack products in React and Next.js. I've shipped 20+ projects, including complete storefronts and dashboards with typed APIs, authentication, MongoDB and PostgreSQL, turning Figma designs into reusable components with a strong focus on performance, SEO, accessibility, SSR and dynamic routing, and using AI tools to ship faster. Seeking a fast-growing startup where I can own products end to end.

SKILLS

Frameworks	React.js, Next.js (App Router, Server Components)
Languages	JavaScript, TypeScript, HTML5, CSS3
Styling	Tailwind CSS, Styled Components, Responsive / Mobile-first Design
Backend & Data	Node.js / API Routes, RESTful APIs, Authentication, MongoDB, PostgreSQL
Deployment	Vercel, Git & GitHub, environment configuration
Concepts	Component-driven UI, Hooks, Context, SSR, Dynamic Routing, Accessibility, SEO

EXPERIENCE

Frontend Developer — Cloudolle · United Kingdom (Remote) · 07/2023 – 01/2024

- Developed and optimized the company's landing pages using Next.js and Styled Components, ensuring modern, responsive and accessible user interfaces.
- Collaborated with designers to translate Figma wireframes into clean, reusable React components with a consistent design system.
- Improved page performance and SEO by implementing server-side rendering (SSR) and dynamic routing in Next.js.

Frontend Developer Intern — Zuri Team · Lagos, Nigeria · 08/2022 – 11/2022

- Completed Zuri's rigorous, fast-paced internship program through to the final stage.
- Built multiple frontend projects and shipped responsive web applications.
- Collaborated with a team of skilled developers and designers to deliver tasks on schedule.
